# *From the Pastor*

How is your summer going? I trust that this summer is treating you well. We have noticed that there are many places in the world affected by climate change and different types of the Covid virus. This news is a warning sign for us. Climate change and the Pandemic are closely linked to all of humanity. I would never ever have imagined the kind of world like the world we are currently living in. In addition, we face all kinds of problems with which we must deal every single day such as poverty, education, racism...and the list never ends. Like Martha, we are so busy that we "are worried and distracted by many things." (Luke 10: 41)

We do not find time to be apart from the mundane things we do because of our accountability for our job and family. I hope that during this summer we see the necessity of focusing on "only one thing" (Luke 10:42). Mary paid attention to that important thing. Doing is good, but being is necessary. Being is the time we spend alone with God. It can be walking, running, meditating, and praying. Without this time, we are easily lost from who we are and the things that we are doing because our priority gets confused. "A priority" is singular. It doesn't "compute" when we hear words like priorities and top priority. It is palpable that our priority is God. With God, it is well with our soul. Like Martha, we get distracted with things and do not see and listen to Jesus calling. Jesus might say to us, "Only one thing is necessary. Take a seat at my feet and listen."

I hope that we all have time and a place to meet God and take a rest in Him. Finding this time and place, we can rejuvenate our spirit and energy so that we better serve God and our neighbor. How is it with your soul?

See you on Sunday
